Changes done

To revise the IS 6937 for the following changes :

1. Align the standard with IS 10646. Names are according to 10646-1 instead of 10367, notes changed accordingly and reference to 10646-1 added.
2. Address defect reports issued.

Changed “LIGATURE AE” to “LETTER AE”. The short identifiers have been changed to LA&1 and LA62.

Names changed, and reordered in tables. The notes 1 and 4 have been removed, and other notes renumbered accordingly.

Note to say that “LETTER AE” was previously “LIGATURE AE”.

Change references to updated ISO standards.
