Disposition of Comments on the JTC1 Ballot of DIS 8859-2 issued on 1997-03-22.

Most comments accompanying the ballot are identical to comments made for 8859-1 also, and they are accepted or rejected exactly as in the Disposition of Comments for that part (see ISO/IEC/JTC1/SC2/WG3 N 410).

The disposition of the comments that are specific to this part 2 are given below:

Ireland (N):

First paragraph: Accepted in principle.

The following note will be added to clause 6.1:

NOTE: According to the Romanian Standards Institute, the letters
LATIN CAPITAL LETTER S WITH COMMA BELOW
LATIN SMALL LETTER S WITH COMMA BELOW
LATIN CAPITAL LETTER T WITH COMMA BELOW
LATIN SMALL LETTER T WITH COMMA BELOW
in use in Romania, are different from the corresponding letters
LATIN CAPITAL LETTER S WITH CEDILLA
LATIN SMALL LETTER S WITH CEDILLA
LATIN CAPITAL LETTER T WITH CEDILLA
LATIN SMALL LETTER T WITH CEDILLA
that are specified in this part 2 of ISO/IEC 8859. However, subject to the agreement of originator and receiver in information interchange the letters WITH CEDILLA in Part 2 may be used to substitute for the letters WITH COMMA BELOW.

ISRAEL (N)

Accepted in principle.

See disposition of comment for Ireland above.

ROMANIA (N)

Accepted in principle.

The character names cannot be changed now because the standard has been in wide use for over ten years. A change could only cause conflict or non-conformity in existing product implementations. However an explanatory note will be added, see "IRELAND" above.

UK

1. Accepted: See "IRELAND" above.

2. Accepted. Different font will be used and "reshaping" will not be mentioned in Annex B.5

USA

Second Paragraph. Not accepted: The fonts used for printing ISO/IEC 10646-1 are not available to the editor. However the glyphs chosen will be a typical rendering of the named characters.
