Template for comments and secretariat observations

Date:2015-07-08

Document:

Project:

MB/ NC ¹	Line number	Clause/ Subclause	Paragraph/ Figure/Table	Type of comment ²	Comments	Proposed change	Observations of the secretariat
FR 001				ge	Due to a lack of expertise		
JP 3 002		01	2nd paragraph	ed	The last word of the second paragraph of "1 Scope" should be "standard" instead of "specification".	Change "specification" to "standard".	
JP 4 003		04.4		ed	The fifth word of the second line of 4.4 should not be "source". We think that this should be "originator".	Change "source" to "originator".	
JP 5 004		05	4th paragraph	ed	The second last word of the second line of the second last paragraph in page 3 should be "source code" instead of "source".	Change "source of the software" to " source code of the software".	
JP 6 005		06.1	2nd paragraph	ed	The last two bullets are inconsistent in the use of "at a minimum". One has "of" just after this phrase, and one does not have it.	Make the use of "at a minimum" consistent.	
JP 7 006		06.2	1st paragraph	ed	Isn't it necessary to capitalize "certification authority" in the last line of page 4?	Capitalize "certification authority" in the last line of page 4, as appropriate.	
JP 1 007		06.3 through 6.6		ed	All words in the titles of 6.3 through 6.6 are capitalized. This seems inconsistent looking at the titles of 3 and 4.	Make the capitalization of the titles of 6.3 through 6.6 consistent with the titles 3 and 4.	
JP 8 008		Bibliography	[14]	ed	The last part of Bibliography [14] looks incomplete.	Complete the reference.	
JP 2 009		Foreword	2nd and 3rd (or Last) paragraphs	ed	The last paragraph of Foreword is a part of the previous paragraph, but this is not quite apparent.	Some format change would be desirable.	

1 **MB** = Member body / **NC** = National Committee (enter the ISO 3166 two-letter country code, e.g. CN for China; comments from the ISO/CS editing unit are identified by **)

2 **Type of comment:** **ge** = general **te** = technical **ed** = editorial
