Dear Joe:

I have been given unofficial indication that there is an individual within the U.S. who has sufficient support and interest to take over the position of Convenor of SC22/WG11. As you have been continually informed by me, I am no longer able to ensure support for that role. So, with relief and some regret, I am taking this opportunity to officially resign from the position of Convenor of SC22/WG11. I hope to be able to continue as an active member of WG11 at least until the "Guidelines for Language Bindings" draft completes circulation within SC21 and SC22, in order to provide assistance in responding to resulting comments from member bodies of both SCs.

Please be confident that I will be working actively these next few months to ensure an orderly and smooth transition to the new Convenor. I have already contacted him several times and offered my help. As you know, there is a fledgling ANSC Technical Committee being formed, so the new Convenor should have adequate support within the U.S. to manage the important work that will be required of WG11 in the near future.

Thank you for all your help in the past year(s). Working with you has been one of the activities I leave with regret. Much luck and pleasure in the future!

Sincerely,

Madeleine R. Sparks
