Dear Mr. Côté:

WG14 has instructed me to submit DP9899 (Programming Language C) for
DIS balloting. As you know, DP9899 received no negative votes. Four
members voted yes with comments — X3J11 and WG14 have already begun
to address these comments in ways that will not interfere with the
timely approval of a formal ISO standard for C.

An identical draft has been approved by X3. Pending the outcome of a
protest by one individual, that draft will be sent to ANSI for final
approval.

Please let me know if the SC22 Secretariat requires any additional in-
formation to begin DIS balloting on DP9899.

Sincerely,

P.J. Plauger
WG14 Convenor
