Proposal for C2Y
WG14 N3598

Title:	7.3.9.2/7.3.9.6 - Make text consistent between creal & cimag
Author:	CFP Study Group
Date:	2025-06-12
Proposal Category:	Editorial
Reference:	N3550

Background Rationale

The language in both is now both totally consistent and more technically precise.

7.3.9.2#3 The cimag functions

The `cimag` functions return the ~~imaginary part value (as a real).~~ value of the imaginary part (as a value of the corresponding real type).

7.3.9.6#3 The creal functions

The `creal` functions return the ~~real part value.~~ value of the real part (as a value of the corresponding real type).
